Verifier Report - Group 2

Week 2

Date: 27/01/2026

As the designated verifier for group 2, I confirm that the first group meeting took place in Week 2 and everyone was present for the meeting.
The roles required as per the term project guidelines were discussed in the meeting. Designated roles were assigned to the individuals with every team member's acknowledgement.

Group Member Name	**Assigned Role**
Drishya Dinesh	Chair
Raghav Manish Gupta	Recorder
Parth Deshmukh	Accountant
Yilin Wen	Ambassador
Mukul Ghare	Monitor
Tanmay Ghosh	Verifier

The meeting was organised and chaired by Drishya. Raghav noted the minutes of the meeting which were later shared with the group.

Prior to the meeting, all members edited the Ranking Spreadsheet with their individual topic preferences. An algorithmic ranking based on the average of submitted preference scores was applied to generate an overall ranking of topics.
All the topics were discussed collectively during the meeting, and a final curated ranked list was agreed upon by the group. It was agreed to hold the next meeting after the term project topic allocation is confirmed by the lecturer.

Week 3

Date : 04/02/2026

I confirm as a verifier that a group meeting for week 3 was conducted to progress the term project following topic allocation. All group members were present in the meeting.
The allocated project topic “Frequency” was discussed during the meeting, focusing on its interpretation within text analytics. The discussion was particularly with respect to high-frequency words, stopwords, and their relevance to stylistic and informative analysis.

Verification of Roles and Responsibilities:

- Chair (Drishya Dinesh):
    - Organised the meeting started discussion on the topic “Frequency”. She ensured everyone was aligned with the topic and that the next steps were agreed upon by the group.
- Recorder (Raghav Manish Gupta):
    - Recorded the meeting and extracted the key discussion points, decisions, and agreed actions from the meeting and started documenting them for group reference.
- Ambassador (Yilin Wen):
    - Yilin remained responsible for external communication on behalf of the group and ensured communication with ambassadors from other groups.
- Monitor (Mukul Ghare):
    - Monitored group participation and confirmed everyone’s contribution to the meeting. Agreed to the allocated tasks discussed during the meeting.
- Accountant (Parth Deshmukh):
    - Parth tracked task distribution and individual contributions. Noted the allocation of reading and dataset exploration responsibilities for the upcoming tasks.
- Verifier (Tanmay Ghosh):
    - Verified that all the required roles were active throughout the week and that responsibilities were carried out in accordance with the term project guidelines.

Agreed Actions:
5 group members will research two articles related to the topic each and 1 group member will focus on finding a suitable dataset for empirical analysis and additionally study one research paper too. The next group meeting will be scheduled after completion of readings and dataset exploration.

Week 4

Date : 11/02/2026

As a verifier, I confirm that 2 group meetings were held in week 4 to progress with the term project following dataset identification and methodological clarification.
A short meeting was arranged on 10th February 2026 for review of the dataset and to discuss the analytical scope and methods to proceed. The IMDb62 dataset was examined and the group discussed potential directions to proceed based on frequency oriented text analytics.
To address uncertainties regarding project scope and workload, the Chair initiated communication with the lecturer to seek clarification. The Corresponding emails were shared with everyone in the group.
Secondly, Regular weekly meeting was held on 11th February to discuss the individual findings from research papers and review the lecturer's feedback. The group agreed to narrow the project scope to focus on sentiment analysis, while retaining authorship and style analysis as a potential future scope rather than a core experiment.

Verification Roles and Responsibilities:

- Chair (Drishya):

    - Successfully arranged both the meetings with a clear agenda drafted. Co-ordinated communication with the lecturer to clear project expectations.
- Recorder (Raghav):
    - Both the meetings were recorded. In the second meeting, as recorder faced some connectivity issues, the group ensured to record the meeting and shared it with him to allow accurate timely documentation, ensuring continuity of maintaining the record.
- Accountant (Parth):
    - Continued to track task allocation and individual contributions noting progress on literature review tasks and data exploration.
- Ambassador (Yilin):
    - She remained responsible for inter-group communication with members of other groups and gathering external perspectives relevant to the topic. While not present for a quick meeting on 10th Feb due to a short notice, her role responsibilities were actively fulfilled during the week.
- Monitor (Mukul):
    - Identified and presented the IMDb62 dataset and confirmed that all the group members were engaged in reviewing scholarly research papers related to the project. He ensured no research papers were being repeated twice amongst team members.
- Verifier (Tanmay):
    - Verified that all the required tasks of the week were completed and all the roles were active during the week. The responsibilities were carried out in accordance with the term project guidelines and decisions were made with appropriate academic and research integrity considerations.

Agreed Actions:
The group will proceed with sentiment analysis as the main analytical task for the term project. Frequency based analysis on stopwords, punctuations and frequency discounting will be looked into. The members will now look into data preprocessing for the dataset in order to extract key features for analysis. All members will be present for the group meeting with the TA arranged on 12th Feb 2026 at 1:40pm with the group lead - Xiaona.

Week 5

Verification Date: 18/02/2026

Checklist:

- Chair: Meeting arranged, agenda circulated, monitor informed of article assignments
- Recorder: Minutes produced and filed
- Accountant: Time sheets updated and contributions tracked
- Ambassador: Inter-group communication documented (if applicable this week)
- Monitor: All members submitted article summaries with details

All members: Proceeding with research integrity

Status: All Proceeding Properly Done

Following tutor feedback, the group narrowed the scope from dual-task (sentiment + authorship) to sentiment analysis only, allowing deeper methodological focus. The IMDb62 dataset has been preprocessed (tokenisation, normalisation, cleaning). The first draft will include literature review, research questions, and methods.
Current division of labour:

- Model implementation: Mukul & Tanmay
- Introduction: Yilin
- Research Question: Raghav
- Dataset description: Mukul
- Preprocessing documentation: Parth
- Model description: Drishya

From a research perspective, the conceptual focus has now stabilised:
The project empirically tests whether frequency discounting schemes outperform traditional

stopword deletion in sentiment classification, using controlled preprocessing variations and comparable model architectures.

Week 6

Verification Date: 25/02/2026

Checklist:

- Chair: Meeting arranged, agenda circulated, monitor informed of article assignments
- Recorder: Recorded the meeting and Minutes-of-meeting produced and filed.
- Accountant: Time sheets updated and contributions tracked
- Ambassador: Inter-group communication documented (if applicable this week)
- Monitor: Summaries of the articles were verified.

All members: Proceeding with research integrity

Status: All Proceeding Properly Done. This week was mainly focused on the mid-term paper writing.

One common task for each member was contributing to the drafting of the mid-term paper. All the tasks allotted to every member was completed as per their roles and responsibilities for creating the mid-term draft.

Week 8

Verification Date: 12/03/2026

Checklist:

- Chair: Meeting arranged, agenda circulated, monitor informed of article assignments
- Recorder: Recorded the meeting and Minutes-of-meeting produced and filed.
- Accountant: Time sheets updated and contributions tracked
- Ambassador: No Inter-group communication this week as there was a peer review task.

- Monitor: Monitoring the spreadsheet entries.

All members: Proceeding with research integrity

Status: All Proceeding Properly Done. This week was mainly focused on the mid-term paper reviews.

All the tasks allotted to every member was completed as per their roles and responsibilities.

Week 9

Verification Date: 19/03/2026

Checklist:

- Chair: Meeting arranged, agenda circulated.
- Recorder: Recorded the meeting and Minutes-of-meeting produced and filed.
- Accountant: Time sheets updated and contributions tracked

- Ambassador: Inter-group communication documented (if applicable this week)
- Monitor: The spreadsheet was monitored and entries made sure entries were done if required.

All members: Proceeding with research integrity

Status: All Proceeding Properly Done. This week was mainly focused on the peer reviews for our research paper and discussion on how to improve it.

One common task for each member was contributing to the spreadsheet : https://docs.google.com/spreadsheets/d/1lFa7andOrnoD9GO54rPv088yaMaiB-py-knHjFtT4lM/edit?gid=0#gid=0 . All the tasks allotted to every member was completed as per their roles and responsibilities.

Week 10

Verification Date: 25/03/2026

Checklist:

- Chair: Meeting arranged, agenda circulated.
- Recorder: Recorded the meeting and Minutes-of-meeting produced and filed.
- Accountant: Time sheets updated and contributions tracked
- Ambassador: Inter-group communication documented (if any)
- Monitor: The codebase was monitored and made sure entries of the results were done

All members: Proceeding with research integrity

Status: All Proceeding Properly Done. This week was mainly focused on the implementation part for the required changes according to the peer review and the meeting with the team guide.

All the tasks allotted to every member was completed as per their roles and responsibilities.

Week 11

Verification Date: 02/04/2026

Checklist:

- Chair: Discussed the progress on microsoft teams. No meeting scheduled as the task was already allotted and planned accordingly.
- Recorder: No meeting scheduled (no recording).
- Accountant: Time sheets updated and contributions tracked
- Ambassador: Inter-group communication documented (if any).
- Monitor: Nothing to monitor as there were no major changes in any spreadsheets and codebase (github).

All members: Proceeding with research integrity

Status: All Proceeding Properly Done. This week was mainly focused on the review of the results obtained from the implementation and making updates in the term paper.

All the tasks allotted to every member was completed as per their roles and responsibilities.

Week 12

Verification Date: 08/04/2026

Checklist:

- Chair: Final discussion scheduled to be done on Microsoft teams chat.
- Recorder: No online video meeting scheduled (no recording) as everything was tracked on the chat.
- Accountant: Time sheets updated and contributions tracked.
- Ambassador: Final Inter-group communication documented (if any).
- Monitor: Finalized the article summaries documentation.

All members: Proceeding with research integrity

Status: All Proceeding Properly Done. As this was the final week, all the team members focused on finalising the research paper and finalised their respective documents according to their roles.

All the tasks allotted to every member was completed as per their roles and responsibilities.
